Deanery Gathering

Tuesday October 8th 2019

7.30pm at Madley Church, Madley

The purpose of the Gathering is to focus on the future strategy of our Deanery. We want to look particularly at how our communities could work together in co-operative clusters with the aim of partnering and prospering to ensure viability and vibrancy throughout our Deanery. This is in the context of both mission and pastoral care – how best can we share what each of our parishes has to offer to enable our church to grow.

There will be parking available in the Glebe field.

This will be signposted off the main (B4352) road. The entrance to the field is just beyond the church on the Hereford side of Madley.

There is access to the churchyard directly from the field.

Please bring a torch and wear sturdy shoes!

Information is available for you to consider prior to the Gathering and we would really recommend that you do have a look. This is being widely circulated, but if you haven't seen it yet—please get in touch with Anne and she will let you have a copy.
