Latest scams to be aware of

A company calling themselves "Regional Press" have been in touch with a newly established company setting up a business in Llanwarne. Regional press state that they specialise in advertising for businesses who are just starting out. They also state that they managed to obtain the Llanwarne business number from the local council and they are working along side West Mercia Police!

Regional press said to the informant that they could advertise their business for a special fee. When the informant said that they would have to consult with their business partner first they said that they would phone back in a few days.

A few days went past and Regional Press phoned back stating they could now offer them a bigger advertisement for a smaller fee. Nothing was agreed with the informant and Regional Press.

The informant then receives an automated voicemail. It was unclear exactly what was said but at the end of the message it asked them to press certain numbers to say yes or no to the advertisement. No numbers were pressed.

The informant has now received a bill from Regional Press for £162. Informant managed to get hold of a Elizabeth WILLIAMS and a James PETERSON. Whilst the informant was

speaking to PETERSON about the bill, he has become very irate with them. Informant then told PETERSON that they have been in touch with the local police and they aren't aware of this scheme. PETERSON then immediately responded with "Stop, you will never hear from us again, rip up the invoice!"

Research into this company shows that their business address is 27 Old Gloucester Street, London, WC1N3AX, with a telephone number of 08455192721. This address is recorded as a hireable address for business use.

An informant from Clehonger reported a scam telephone call on Thursday 20th September. Informant stated that he received a call from a male calling himself Peter saying that he was owed £8000 in bank charges. In order for him to receive this money he would need to give Peter all his details including his bank account details.

Informant said to Peter that he wouldn't be giving him any details. Peter told him to phone 02081336604, give them £600 and he would then receive his £8000.

Citadel - Bringing Down Burglary

Citadel is a forcewide initiative aimed at driving down the number of burglaries committed in the force area.

Burglary of people's homes and catching the criminals who commit these offences is a high priority for the Chief Constable and the force. In conjunction with the Police Authority, we have set ourselves stringent targets to ensure that no more than 10 burglaries a day are committed across Herefordshire, Shropshire, Telford & Wrekin and Worcestershire.

While burglary levels remain low compared to other parts of the country, there have been around 140 more burglaries this year against the targets we have set. That's why we've launched Citadel to drive burglary rates back down to where we expect them to be.

We're using a variety of tactics to target known or suspected criminals and these are already having results: since April, we have arrested more than 600 people, many of whom when convicted will be sent to jail.
