Neighbourhood Watch

This message has been sent from Adrian Symonds, our force NW co-ordinator. Those of you on the Ringmaster System will have had this message, and hopefully re-registered by now. The rest of you might like to sign up for this too, you can choose which of the updates you wish to receive when you click the link. You will still receive this local briefing without having to do anything.

'We have also just introduced a new Neighbourhood Watch message system within the Force that will require existing members to re-register themselves via the Force website.

This replaces the five old Ringmaster systems used up until now across the Force (one system for each area) with a single system.

The new system will allow people to register themselves via the Force website to receive Neighbourhood Watch, Rural Watch and Post Office Watch messages. It is also required that existing people registered on the old Ringmaster systems also re-register themselves, as there is no way to transfer contacts from Ringmaster to the new system, so I have circulated a message to all existing members on Ringmaster requesting they do so.

To register for "Neighbourhood Watch", "Rural Watch" (i.e. farm/equine crime) and "Post Office Watch" messages people should:

1) Visit the "Register To Receive Watch Messages" page of the West Mercia Police website: <http://www.westmercia.police.uk/register-to-receive-watch-messages.html>

2) Then;

a) enter your details,

b) tick the mailing list(s) that are relevant to you and

c) click "subscribe"

3) Once you have subscribed as above, you will receive an email - please go into that email and it will ask you to click a link to confirm you have subscribed, once you have clicked that, then you have fully subscribed to receive messages.'

Halloween Posters

We have plenty of the Halloween posters (No trick or treat) here at the station, if you'd like any, please get in touch and we'll drop them off to you.
